The history of unissionary labors in every other country is filled with persecutions, labeled with stripes, crimsoued with life's red blood. The Irish monarch, attached though he was to the religion of his country, with its rites and its traditions, determined to give the newcomer a hearing and such an opportunity of presenting his doctrines as would be satisfactory to all. This King was not afraid of reasoning and discussions. He was as well accustomed to them as he was to the sword, and accordingly a dehate was ordered between St. Patrick and the chief of the pagan priests. The discussion lasted all day, and the Druid heing worsted at every point appealed to the superuatural—that is, which of them could exercise the greatest power over the forces of nature. Rev. Father Albert Stroebele's Successful Mission at Spurlington.

Evening Services Attended by the Entire Methodist -Cougregation.

Great Religious Enthusiasm and Twenty Received Into the Church.

FORMER PREJUDICE IS DIMINISHED

[Special Correspondence of the Kentucky Irish American.]

SPURLINGTON, KY., Feb. 4.-I saw an item in your esteemed paper two weeks ago referring to the successful missions recently given at various places in Taylor county by the Rev. Albert Stroehele, our present pastor, and I thought it might hiterest the great number of our former pastors, the great majority of them being, no doubt, readers of the Kentucky Irish American, to get a more detailed report of our mission at Spurlington, for we think we beat the Campbellsville mission as well as the St. Matthews.

The morning sermons were intended for Catholics and the evening sermons only for non-Catholics. At hoth services the church was filled. Our Methodist neighbors had a revival going on at their church, purposely gotten up by their preacher so as to keep them from attending our mission. Their evening services commeuced at 6 o'clock and lasted until 8:15. Our pastor, when he was informed that many of them did not like to disappoint their preacher and yet were anxious to hear the Catholic doctrine explained, consented to wait until their services were over, and nearly the whole Methodist congregation came straight to onr church after their services had closed.

Father Stroehele expressed on the first evening his wish of using a Protestant Bible at these services, and on the following evening they brought him the Bible which they forcerly had used in their own church. It was from this Bible that he proved to them the Catholic doctrine regarding the true church of Christ and the sacraments. After the sermon he requested them to sing the hymn, "Jesus, Savionr of my Sonl," or "Nearer, My God, to Thee," which the whole assemdiscontinue the evening service, being completed before next fall. scarcely able to keep up the morning service for the rest of the mission.

At the close of the mission twenty were eceived into the church by haptism, and the prejudices of the Protestants in geunot less successful. People who had been given up hy our former pastors on account of mixed marriages, etc., returned, and many old people said they had never the existence of this congregation. Our pastor ascribed the good results of the mission to the powerful intercession of St. Anthony, whose devotions and veneration he had introduced here, having blessed and put up a heautiful picture of with a rices, he is ready to supply his friends with the best to be had. He is a clever this saint at the opening of the mission.
